VOL. 51—No. 155 JACKSONVILLE, ILLINOIS, SATURDAY MORNING, JUNE 30, 1917 EIGHT PAGES—THREE CENTS

FIFTIETH ILLINOIS ASSEMBLY ADJOURNS

Browne and Igoe Object to Reading of Opinion of Attorney General

VETOES MANY BILLS

Lowden Vetoes Claims of Contestants Who Lost Seats—Allows Claims of Men Seated

CUTS APPROPRIATIONS

SPRINGFIELD, Ill., June 29.—The fiftieth Illinois general assembly adjourned sine die at 1:12 p. m. today.

Object to Reading.

The end of the session was peaceful except for objections on the part of Representatives Lee O'Neil Browne and Michael Igoe to the reading of an opinion of the attorney general on the basis of which Governor Lowden vetoed an item of $14,000 in personal claims.

The governor vetoed claims of the contestants who lost seats in the house covering attorneys' fees but allowed like claims to members who were seated.

The sum of $408,984 cut from the omnibus bill was scattered over a large number of items, reducing the total appropriation for the use of state departments and other state expenses for the next two years to something like $20,000,000.

Important Bills Vetoed.

Among the important bills vetoed by the governor were the following:

Prohibiting high school fraternities.

Increasing salaries of Cook county civil service commissioners.

Appropriating $250,000 for an Illinois memorial building.

Increasing salaries of Cook county circuit judges.

Forbidding the use of the third degree for the purpose of obtaining confessions.

Providing for licensing and regulation of cold storage warehouses.

Giving the state public utilities commission supervision over taxicabs and taxi vehicle owners.

Speaker Shanahan before adjournment announced the personnel of the house centennial committee as follows:

Representatives Boyer, DeYoung, Brewer, Frisch, Mueller, Boyd, Odum, Burns, Kaserman and Gorman.

Veto messages sent to the legislature today vetoed the following senate bills:

S. B. 114 (Barr) Providing for creation of public recreation districts in cities and villages.

S. B. 104 (Jewell) Forbids use of third degree in attempting to secure confessions.

S. B. 148 (Roos) Permitting organization of insurance companies for issuance of blanket insurance policies covering health, death, burial, etc.

S. B. 209 (McNay) Giving drainage commissioners power to make additional assessments after the original district is formed.

S. B. 274 (Kessinger) Permitting parole prisoners to serve their parole outside of state.

S. B. 346 (Boehm) Requiring the county superintendent of highways to erect guideboards at road intersections.

S. B. 310 (Canaday) Providing for condemnation and purchase of lands for outlets for drainage districts.

S. B. 369 (Shaw) Limiting time for questioning legality of drainage district organization.

S. B. 421 (Coleman) Giving county board right to issue permits for use of highways by companies operating tramways.

S. B. 430 (Swift) Amends a law concerning organization of high school districts so that such townships shall be classed as school districts and gives boards of education power to levy on all taxable property of three-fourths the amount which boards of education of township high schools now have authority to levy.

S. B. 448 (Wright) Providing for registration and regulation of ice cream manufacturers, bottlers and soda waters, mineral waters, milk, cream and other beverages.

S. B. 479 (Glacklin) Gives Chicago the right to own and operate plants for the manufacture and storage of ice.

S. B. 494 (Denvir) Gives public utilities commission authority over taxi cabs and taxi vehicle owners.

S. B. 513 (Barr) Gives the governor power to appoint a probate judge when a vacancy occurs within two years of expiration of the term.

S. B. 532 (Dailey) Appropriating $4,000 to state board of agriculture for state agricultural exhibit at the twelfth international farm congress and soil products exposition.

S. B. 583 (Herlihy) Providing that county, city or park districts shall be the buyer of property sold for taxes.

S. B. 523 (Committee on judiciary) Providing of licensing and regulation of cold storage warehouses.

WILL STRICTLY ENFORCE COAL PRICE REDUCTIONS

Coal Committee of Council Warns Decatur Operators

Declares Industry Will Not Stand for Raising of Prices Beyond the Limit Set—Price of Anthracite Probably Will be Further Reduced

Washington, June 29—Coal price reductions agreed on yesterday by the country's bituminous producers at a conference with government officials will be strictly enforced.

Warn Decatur Operators

With the weight of the industry's approval behind the agreement and certain of the fact that the government will take control if it is not lived up to, the coal committee of the council of National Defense will take quick measures to prevent any wavering. Today the committee warned operators at Decatur, Ill., who raised their prices beyond the limit set, that the industry would not stand for their action. The coal committee has given each of its twenty six members supervision of one coal production district and every man will be held responsible for prices in his territory. The federal trade commission will be called upon for aid if difficulties arise. The price of anthracite, arranged some time ago at conferences between producers and the trade commission, probably will be further reduced to consumers, it was said today, thru regulation of jobbers and retailers profits.

Bituminous jobbers will not be allowed to raise coal prices beyond [illegible] price, with the addition of the freight and their profit of twenty five cents a ton. If a consumer has difficulty in getting coal and finds he can get it only by paying some jobber more than the 25 cents profit the coal committee can be appealed to and will see that he gets coal direct from the mine at the mine price.

The new prices will not apply in export trade and will not disturb existing contracts.

May Re-arrange Freight Hauls

One method of equalizing bituminous prices to the consumer will be sought in a rearrangement of freight hauls. Some middlewestern operators are said to be selling now in the east while eastern operators are delivering their products in the middle west. The coal committee plans an entire re-arrangement of shipments to be worked out with the aid of the war railroad board.

The coal shortage, members of the coal committee insists is due entirely to inadequate car service.

The senate interstate commerce committee continued its hearings today on legislation giving the government power to take over coal mines. National prohibition J. D. A. Morrow of the Pittsburgh Coal Producers association told the committee would increase production. Railroad representatives will be heard by the committee tomorrow.

RUSS DUMA NOT TO ABIDE BY RESOLUTION

PETROGRAD, June 29. — The Russian duma will not abide by the recent resolution of the congress of soldiers and workmen's counsels calling for its dissolution says a resolution adopted at a private meeting of members of the duma.

"The duma," says the resolution, "will adhere to its patriotic duty of raising its voice, if necessary to preserve the fatherland from the dangers which threaten it and guide it in the right path."

Two hundred sailors from the Baltic fleet have appeared at Riga to joi nthe army and lead in an attack upon the enemy, according to the Russkaya Volia. Thei raction, says the newspaper was taken as the result of a declaration by an army officer that if 200 brave men willing to die for their country could be found the whole army would fight.

Minister of War Kerenski today issued an order creating a special commission to examine the proposed law providing for the mobilization of all woman's labor.

In issuing the order the war minister commented that the crisis thru which Russia is passing demands the utilization of the entire national forces.

TRIVIAL DEFECTS DISQUALIFY MEN

FORT SHERIDAN, Ill. June 29—Blue tickets indicating that they did not measure up to the physical requirements of the war department for officers in the United States army were issued today to two hundred of the men in training at the Fort Sheridan officers camp. Trivial defects disqualified them. Some were near-sighted, some were color blind, some were under weight and some did not hear very well.

The recipients of the cards took the news sorrowfully. Some of them vehemently protested that they were physicall fit. The cards will go to General Barry for final approval.

NAVY HAS ALMOST DOUBLED PERSONNEL

WASHINGTON, June 29.—The navy has almost doubled its personnel since war was declared and now needs less than 25,000 men to bring it up to the new authorized strength of 150,000.

Naval officials in announcing tonight that the entire enlisted strength now is 125,163 expressed gratification at the returns from the recruiting campaign. On January 1 last there were only 55,000 men in the navy and on April 6 the day war was declared the total was 64,680.

The marine corps, whose strength on April 6 was 13,266 has recruited to a strength of 26,356. Its authorized total is 30,000.

FIND OLMPIA STRUCK AN UNCHARTERED ROCK

NEWPORT, R. I., June 29.—A report received today from naval officers investigating the grounding of the United States cruiser Olympia in Block Island Sound said the warship struck an uncharted rock 500 yards south of Gerberus Sheal Buoy and that a court of inquiry probably show that the navigator was not at fault.

Although the Olympia remains hard aground, wreckers sent word that hope of saving her had not been abandoned.

GREECE BREAKS WITH TEUTONIC ALLIES

Severs Relations with Austria, Germany, Turkey, Bulgaria

Greece's New Course Began to be Shaped on June 12 With Abdication of King Constantine and the Accession of Alexander, His Second Son, as King

Athens, June 29—The Greek government has broken diplomatic relations with Germany, Austria Hungary, Bulgaria and Turkey.

Greece's new course with regard to the war began to be shaped on June 12 with the abdication of King Constantine and the accession of Alexander, his second son, as King. The adbication was in effect a dethronement of Constantine, whose pro-German attitude had given the Entente endless trouble and threatened not only the success of the Saloniki expedition but its safety thru danger of back fire from a hostile Greek military force. Decisive action by the Entent was long in coming but was drastic when finally taken.

Elipiherios Venizelos, Greece's leading statesman and steadfast friend of the Entente, soon appeared as the man to take the leadership in guiding Greece back to her traditional place by the side of England, France and Serbia, the last her close ally whom she had abandoned under Constantine's coercion in Serbia's hour of greatest need.

Summoned back to the premiership by King Alexander, Venizelos quickly formed a cabinet. The reactionary elements have been ousted or quieted, the re-establishment of Greek constitutional government, virtually abolished by Constantine, begun. That the parliament of May 1915 which had been dissolved by Constantine would again be summoned to meet, was later indicated, giving a legislative backing to the new executive power.

Signs that Greece would not much longer maintain even a nominal or benevolently neutral attitude towards the Entente in the war were in evidence several days ago and recent dispatches indicated that a formal breach between Greece and the Central Powers was imminent.

ANNOUNCE SINKING OF FOUR BRITISH SHIPS

BOSTON, June 29.—The torpedoing and sinking of four large British cargo carrying steamers was announced in advices to local insurance offices today. The steamers were the Ultonia, of the Cunard Line, 6,593 tons; Haverford of the American Line, 7,493 tons; Buffalo, Wilson liner, 2,583 tons and the Manistee, another Cunard vessel. No details of the losses were given and no mention was made of the fate of the crews.

It was believed by steamship agents here that some or all of the steamships may have been included in the list of sinkings announced from London Wednesday night. The Ultonia and Manistee, it was said, were bound with cargo and of grain and other food supplies from New York for English ports and the Buffalo was returning from Hull for New York. The Haverford has been engaged in the Philadelpha-Liverpool service but there was no information at hand tonight to show where she was bound when torpedoed.

Had no Passengers or Troops

New York, June 29.—Neither the steamship Ultonia nor the Manistee reported torpedoed and sunk, carried either passengers or troops according to representatives of the Cunard Line here who had not been officially informed tonight of the loss of the two vessels.

LUTHERANS APPEAL FOR YOUTHS TO ENTER ORDERS

MILWAUKEE, Wis., June 29.—At the closing session of the Lutheran Synod of Missouri today an appeal for more youths to enter orders was made by Rev. F. Pieper of Concordia seminary of St. Louis, who deplored the lack of young men who elected to become Lutheran ministers and to pursue the studies required to qualify.

The annual appropriation for Indian missions was increased to $8,000 and a movement was started to increase the effort of the church workers in Jewish missions.

The outstanding feature of the convention was the dropping of "German" in the official title and the strengthening of the English study department in the schools and seminaries.

ASKS PERMIT FOR WHITLOCK TO RECEIVE DECORATION.

Washington, June 29.—President Wilson today asked congress to pass a law to permit Brand Whitlock, American minister to Belgium, to accept a decoration from King Albert of Belgium, in recognition of his marked services to the little kingdom. Decoration of any American official without sanction of congress is prohibited by law.

PERSHING'S REPORT STILL LACKING

Army Officials Maintain Silence as to U. S. Troops in France

WORK MOVES FORWARD

Greatest Problem Facing Officials is To Find Supplies for Increasing Forces

ACT FOR MEN'S COMFORT

WASHINGTON, June 29—Reports from Major General Pershing on the landing of American troops in France still were lacking tonight and the personal accounts of newspaper correspondents of the scenes at the French port again were held up to wait on the official information. Army officials maintained complete silence as to the expedition and plans for future movements of troops to suport he advance guard.

Marine corps officers were eager to learn whether the regiment of sea soldiers under Colonel Doyen, which formed part of the initial force, was first to land. The marines generally are proud of their record of being first in the field and are hopeful that it has been sustained in the first despatch of American forces to fight in the old world.

It appeared possible today that a full marine brigade eventually would be sent to France to work as a unit of General Pershing's army.

Preparation Moves Ahead.

Preparatian of the great forces that are to support those already despatched are moving steadily ahead both in the army and navy. Announcement today that when the National Guard is drafted into federal service and mobilized, it will be sent at once to the divisional training camp sites in the southeastern, southern and western department was another step on the road. It will eliminate some delay in making the state troops ready for the front.

There has been much speculation and no authoritative announcement whatever as to the use to be made of the national guard. The existing units and those new ones that are ready for federal inspection and recognition, comprise the skeleton of sixteen infantry divisions. Under present distribution by states, however, there would not be more than four or five divisions complete enough to deserve that name.

It seems likely that redistribution and consolidation of the force must be undertaken soon after they pass into the federal service under the draft clause of the national defense act.

Would Probably Total 350,000.

At full war strength the existing regiments would represent a total force of probably 350,000 men. Of that number at least one third are fairly well seasoned troops who already have had six or eight months of intensive instruction and active, continuous service on the border. In the judgment of army officials this will furnish a splendid nucleus to train the new men. The fact that the guard camps are to be of canvass seems to indicate that it is not expected to keep them in training on this side of the ocean for a very extended period.

Additional training for numerous guard artillery units soon will be in progress at the various officers training camps.

The greatest problem that faces the war department is to find supplies for the steadily increasing host of National Guardsmen which moves to its mobilization camps sometime in July or August. State officials have been notified that it is impossible to fill requisitions for new equipment that have been pouring in. The first force to be made ready must be the regular army.

A careful inspection of all equipment in the hands of the national guard is being made to ascertain the prime necessities of the force when it is federalized. Fortunately much of the impedimenta necessary was supplied during the border mobilization.

Guard regiments now have wagon trains. These will be employed at the divisional camps. When the regiments go to France, however, the government will be able to supply them with full motor transportation as it has already sought bids for more than 70,000 motor trucks of various kinds.

Look After Comfort of Men.

The government, it was learned today, already is taking steps to look after the comforts of the troops in France in addition to its regular military preparations. The state department has asked that the French duty on tobacco be remitted for supplies sent to the American forces there. Great Britain secured a similar agreement at the outbreak of the war as the high French duties, if imposed on soldiers luxuries, would have been almost prohibitive. The action is important as the time will come when the relatives and friends of men at the front will want to

REPORT GREEK PRINCE IS TO MARRY AMERICAN

LONDON, June 29.—Special despatches from Athens, say Prince Christopher, brother of former King Constantine of Greece, is coming to London to marry a rich American woman. The daily Chronicle gives the name of Miss Lits without details as to her identity.

The prince who is 29 years old and an ex-sub-lieutenant of the Greecian infantry, has twice been reported engaged, each time to a wealthy American woman.

DENIES ROADS' PLEA FOR GENERAL RATE RAISE

Commerce Commission Reaches Decision in Rate Case

Indicates Willingness to Increase Class Rates in the Eastern District—Finds Gloomy Forecasts Have Not Been Borne Out by Figures.

Washington, June 29.—The interstate commerce commission today denied the plea of the railroads of the United States for a horizontal increase of fifteen percent in freight rates.

In its decision the commission indicated its willingness to increase class rates in the eastern district approximately fourteen per cent. Since about one-fourth of the freight handled is moved under class rates, the decision virtually allows the eastern lines about four per cent increase in gross freight revenue. Increases sought in rates on coal, coke and iron ore will be granted. The commission found as a result of extended hearings that the carriers generally show a substantial and increasing financial prosperity and that they have ample resources with which to conduct transportation.

Give Arguments Little Sympathy

Little sympathy was given the arguments of the roads that they were victims of war prices, the commission holding that the carriers have profited by the mobilization of troops. The commission suspended the proposed tariffs until November 28, but indicated that no rehearing of the case will be of value at the time and suggested cancellation of the tariff.

The committee finds that the gloomy forecasts of jeopardized incomes seen by railroad officials early in 1917 have not been borne out by the figures available for later months.

Commissioner Harlan, in a concurring statement, declared that should the next few months show that the railroad men's fears were well founded, the commission would be ready to grant relief. He also made a plea for better equipment and service.

Commissioner McChord dissenting urged that the commission report to congress the essential facts disclosed and ask that an investigation be made to determine whether prices demanded of the carriers for fuel and supplies are reasonable under present conditions. He also intimated that government control of these commodities might afford relief.

Authorizes Class Raise

The commission authorized the following raise in class rates for points north of the Ohio and east of the Mississippi:

First class:—From 78.8 to 90; second class from 68.3 to 79; third class from 52.5 to 60; fourth class from 36.8 to 42; fifth class from 31.25 to 36; sixth class from 26.3 to 30 cents per hundred pounds. The commission found in general that the effects of the Adamson eight hour basic day and of the increased cost of fuel, supplies and materials had not affected the southern and western carriers as greatly as it affected the eastern carriers.

EXPECT SOMETHING DRASTIC IN GERMANY

LONDON, June 29.—Special despatches from Rotterdam say it is inferred there, in view of the gagging of the German press that something drastic has happened or is about to happen in Germany. They quote the Frankfurter Zeitung complaining that it was compelled to issue its political section until further notice without an independent expression of opinion and says the censorship now far exceeds anything previous. The press is declared to be completely muzzled. It is said the real secret of the paper shortage is a government move to compel newspapers to print such bare news allowed, excluding commentary matter. The belief is expressed in Holland that next week's meeting of the Reichstag may produce startling developments.

CAPPER HAS TAKEN NO ACTION ON APPEAL

TOPEKA, Kan., June 29.—No action has been taken by Governor Capper regarding the appeal of Arthur B. Cutler of Kansas City, Kan., a cripple, that he be allowe dto serve a sentence in the state reformatory in place of his brother, who wants to be free to joi nthe army. Governor Capper stated tonight there apparently was no way by which the boy's plea could be granted.

Cutler asked that his brother, who is to be sentenced this week, be paroled.

WILSON NAMES BOARD.

Washington, June 29.—President Wilson today appointed the board for vocational education, which will have charge of the federal government's participation in that work as provided in the recent bill passed by congress. The members are: Arthur E. Holder, of Iowa, three years; Charles A. Greathouse of Indiana, two years; James Phinney Munroe of Massachusetts one year.

LLOYD-GEORGE SPEAKS ON QUESTION OF PEACE

Says War Will End When Entente Allies Reach Their Aims

Asserts Allies Will Enter into Negotiations with a Free Government of Germany with a Different Attitude and with Less Suspicion than One Dominated with Spirit of the Prussian Militarism.

Glasgow, June 29.—Premier Lloyd George, speaking at Glasgow today on the question of peace, said that in his judgment the war would come to an end when the Entente armies had reached the aims which they had set out to attain when they accepted Germany's challenge. If the war ended a single minute before, he said, it would be the greatest disaster in the history of mankind.

Premier's Address in Part.

The premier said in part:

"In my judgment war will come to an end when the Allied armies have reached the aims which they set out to attain when they accepted the challenge thrown down by Germany. As soon as these objectives have been reached and guaranteed this war will come to an end, but if the war comes to an end a single minute before it will be the greatest disaster that has ever befallen mankind.

"No doubt we can have peace now at a price. Germany wants peace—even Prussia arently desires it. They said give us some indemnity for the wrongs we have done, just a little territory here and a little there and just a few privileges in other directions and we will clear out. We are told that if we are prepared to make peace now Germany will restore the independence of Belgium. But who has said so?

Junkers Fell on Chancellor.

"No German statesman has ever said he would restore the independence of Belgium. The German chancellor came very near to it but all the junkers fell on him and he received a sound box on the ears from the mailed fist.

"The only terms on which Germany has suggested restoring Belgium are not those of independence but of vassalage. Then came the doctrine of the status quo and no annexation and no indemnities. No German statesman has accepted even that.

"You have only to read the terrible reports to see what a wilderness the Turks have made of the Garden of Eden. What is to happen to Mesopotamia must be left to the peace conference and there is one thing that will never hapen to it. It will never be restored to the blasting tyranny of the Truks.

"The same observation applies to Armenia. As to the German colonies that again is a matter which must be settled by the great international peace conference. When we come to settle who must be the future trustees of those uncivilized lands we must take into account the sentiments of the peoples themselves and whether they are anxious to secure the return of their former masters or whether they would rthr trust their destinies to other, juster and gentler hands."

Would Treat with Less Suspicion.

"No one wishes to dictate to the German peole the form of government under which they should choose to live. But it is right we should say that we will enter into negotiations with a free government of Germany with a different attitude of mind and a different temper and with different spirit and with less suspicion and more confidence than we should with a government whom we feel today to be dominated by the aggressive and arrogant spirit of Prussian miltarism.

"All the Allied governments will, in my judgment, be acting wisely if they draw that distinction in their general attitude toward the discusson of peace terms."

DUTCH WARSHIP AT AN ATLANTIC PORT

AT AN ATLANTIC PORT, June 29—A Dutch armored cruiser, the first warship flying the flag of Holland to come into this port for more than ten years, arrived here today. The warship will remain for several days.

Officers of the ship declined to disclose the mission of the vessel but it was reported that she is to act as a convoy for a number of Holland passenger and freight vessels now about ready to leave American ports.

CLOSE DOORS OF BANK.

Chicago, June 29.—Doors of the old private banking firm of Graham and Sons, which has heavy deposits were closed this afternoon. A police guard was requested. Andrew Graham, who founded the firm many years ago, died a year ago. He was widely known in Illinois politics. His sons Ralph and Edward have since conducted the business.

PRESIDENT CHECKS "BONE DRY" MOVE

Executive Acts to Prevent Delay In Passing Food Control Bill

"DRYS" DEFER RESPONSE

Leaders Reach Understanding To Limit Absolute Prohibition to Distilled Spirits

"DRY" LEADERS CONFER

WASHINGTON, June 29.—Intervention of President Wilson today checked the "bone dry" national prohibition movement in congress. Confinement of prohibition legislation to distilled beverages without interference with manufacture of beer and wines, it is generally agreed, will result.

Prohibition leaders were asked by the president, in order to prevent delay in passing the food control bill to drop their fight against the manufacture of beer, wines and other light intoxicants.

Leaders Reach Understanding

With a formal response from the "drys' deferred, senate leaders of all factions quickly reached an understanding to limit absolute prohibition to distilled spirits.

President Wilson exchanged letters with the Rev. Dr. James Cannon, chairman of the American Anti-Saloon League's legislative committee, and called senate leaders to the white house in his effort to harmonize differences and smooth the way for final enactment of the food measure.

"Bone dry" legislation was written into the bill before it passed the house and the senate agricultural committee amended the provision to prohibit the manufacture of distilled spirits but empowered the president to permit the making of beer and wine. In his letter to Dr. Cannon the president said Senator Martin, the Democratic leader, had asked him to express his views on the food-liquor legislation regarding the "wisest and most patriotic policy to be pursued" and added:

Immediate Passage Vital

"I regard the immediate passage of the bill as of vital consequence to the safety and defense of the Nation. Time is of essence and yet it has become evident that heated and protracted debate will delay the passage of the bill indefinitely if the provisions affecting the manufacture of beer and wines are retained and insisted upon. In these circumstances I have not hesitated to say to members of the senate who have been kind enough to consult me that it would undoubtedly be in the public interest in this very critical matter if the friends of those provisions should consent to their elimination from the present measure. Feeling that your committee is actuated by the same patriotic motives which inspire me I am confident that these considerations will seem to you as they seem to me to be imperative."

Anti-Saloon League representatives tonight replied that while recognizing the "force of any appeal from the president and commander-in-chief of the army and navy in time of war" a definite answer would be deferred until after conference with prohibition leaders in the senate and house.

To Evolve Definite Plan

Informal agreement however, was reached by the prohibition forces of the senate for virtual abandonment of the fight to include beer and wines in the liquor legislation. Their future efforts probably will be directed to securing an amendment authorizing the president to suspend the manufacture of malt, fermented and vinous beverages in his discretion. President Wilson told senators with whom he conferred he would be willing to have congress clothe him with such authority. Tonight the so-called "Dry" leaders in congress conferred and it was expected that tomorrow there would be evolved a definite plan of action. The prohibition leaders admitted that the president's action eliminated beer and wines from the program. Before the president acted the senate had been most evenly divided on the question of beer and wines. The majority of prohibition sentiment apparently was in favor of trying for no more than an authorization for the president to stop brewing and wine making. Passage by the senate of the food measure by Tuesday of next week was confidently expected thru the prospective elimination of the great contention over liquor.

House leaders predicted that the body would accede to the president's desire as to beer and wines.

FIND NO TRACE OF BOY.

Chicago, June 29—Chicago, Milwaukee and St. Paul box car 590,099 in which it was thought five year old William McLean of Superior, Wis., might have been carried away, was opened at Savanna, Ill., last night. No trace of the child was found.

"The proof of the pudding" is the suggestive part of an old saying that can be applied to the city of Jacksonville today. A majority of the voters of the precinct declared it dry territory. But to finish the quotation the "eating" shows that the town must be "wet." Bootleggers seem to thrive. Some of them are reported as "growing rich" by a man who assumes to know. But all know that there seems to be a veritable carnival of crime. How many have been murdered in the past few years. How many cutting and shooting affrays have been recorded? How many have been convicted? What's the answer?

The Journal desires to express its pleasure at the success of the Red Cross membership's campaign. Many too many to name, individually, are deserving of credit—a host of ladies and of men. But especially deserving was the work of Edgar Crabtree, chairman of the campaign committee. Ever the courteous gentleman, Mr. Crabtree abandoned his vacation time from business and devoted all of his time to the work of organization. And Filmore Dunlap, President of the Red Cross organization in this county, aided most efficiently. To these two men great credit is due. The work has not been closed—additions will be gladly welcomed and cards issued at the Red Cross rooms. But for a rapid, successful, well organized campaign it has been a glorious success, and to these gentlemen should be given praise for their devotion, as well as to hundreds of others who were enthusiastic in the work. And the Journal is confident these men and men such as these will keep the association up to its own high aims, free from entanglements.

One of the most enthusiastic and poular movements in the history of Morgan County has been the membership campaign of the Red Cross Association. The fact that thousands more than the quota assigned to Morgan county has been reached in a very few days vouches for the assertion that the cause is very near and dear to the hearts of the people. It is the heart throb that so readily responds to the cause of the suffering. It will continue to grow, to increase as the cruel days of war lengthen. As far as human intelligence can foresee the end is not in sight. The needs of the Red Cross association will steadily increase, and the interest and loyalty of our people be tested to the limit before the victory we all hope for is achieved. The Red Cross aim is worthy, its work has been tested. It is a holy cause. The name should not be cheapened by indiscriminate use to boost other causes or associations, however worthy, others may be let the name of the Red Cross association stand alone. It is too sacred in the minds of the people to be used as the tail of someones kite.

SPRINGFIELD AS AN EXAMPLE.

Springfield papers are protesting because there are so many comments upon the defects in Springfield's way of doing things, as shown in the Russell Sage survey report. The papers insist that Springfield was chosen as a representative city and that the defects charged against it can be found in every Illinois city of like class. The state capital truly has received a considerable amount of unpleasant advertising thru this survey, but should be willing to take the jests and jibes resulting in a meek and resigned way, reflecting that a large amount of good may result to other cities by having the sins or errors of the state capital held up as a horrible example.

PATRIOTISM THRU PULPITS.

If the churches do not increase in influence during war times it will be the fault of the leaders and members. Almost every week the churches are now called upon to assist in some special endeavor. In many of the churches good citizenship sermons will be preached next Sunday, in accordance with the request of the bureau of naturalization of the U. S. department of labor. Last year a like request as made and the result was a great expounding of the duties of citizenship from thousands of puplits. Since this year there is even a greater need of a true understanding of what citizenship in America means there is even a greater opportunity for the churches to aid in teaching lessons in patriotism and in increasing the aliens' respect for our government's laws and ideals.

FARMERS HAVE TROUBLES.

While farmers in some localities are making more money than they ever dreamed of before, in parts of Kansas bankers and business men may be called upon to subscribe to a five milion dollar fund to buy seed wheat for the farmers of that state. In a large part of Kansas the wheat crop was a failure this year and as this was the main crop upon which the farmers were depending they are in hard lines financially. The farmers there and in all other localities are meeting big increases in the cost of operation. They are paying higher wages to workers and greatly advanced prices for all impiements. So in fairness to the farmers they must not be counted the only business men who are escaping war time troubles and instead making fortunes easily.. It is getting so difficult to secure farm implements of some kinds that a number of the farm papers are urging their readers to buy now any machinery they may want for next year's work.

TESTING THE DRAFT LAW.

Judge Landis will preside during the test case of the draft law in Freeport the coming week. Three of the leaders of the mob of 135 who refused to register have entered demurrers to indictments against them and will contend that the conscription law is unconstitutional in that it violates the guarantees of the constitution against vinoluntary servitude.

It's a safe guess that Judge Landis will not make any rulings which will lessen the defendant's respect for the authority of the United States. Judges and courts are human and the man must have hardihood and courage to a remarkable degree who is willing to go against the government and the sentiment of the people in a case of this kind.

BUYING UP MEXICO.

Now comes the story that the kaiser's money has been used to buy up some of the Mexican papers and that these purchases account for the pro-German attitude of the papers. Not long ago the Berlin government was accused of buying Mexican banks and in various ways financing enterprises which might later be useful for the German cause. The German methods are insidious and far-reaching, but it is too much to believe that the kaiser is willing to spend money so freely in Mexico as these reports indicate. The Germans must know the instability and the uncertainty of most of the Mexicans, even if purchased.

KEEP WORKING

However grim the prospect is, when battle steeds are neighing, let's buckle down and stick to biz, and do all kinds of haying. Whenever I go down the street a lot of joys come to me, and paw the ground with restless feet, and make predictions gloomy. They talk of panic and of want, of famine and starvation, and say our banner soon will flaunt above a ruined nation. I hate to hear them sigh and moan. I hate their dismal sally, I take each by his collarbone and push him down an alley. I hate the man who makes parade of all his doeful dreaming, I like to break his shoulderblade, regardless of his screaming. I do my work from day to day, I hustle like the dickens, I give the hogs their luscious whey, and feed the hornless chickens. The morning's milk I deftly skim, I work the churns and wringers, I teach my growing ducks to swim, and give the bees new stingers. I am so busy cutting hair from golden rolls of butter, I haven't time to paw the air or mope around and mutter. We'll whip the foe, without a doubt, our arms will be the victor, and I detest the grouchy scout—I do, doggone his pictur'.

HIGH SCHOOL TUITION AFFAIRS DISCUSSED

A conference of county superintendents of schools was held in Springfield Friday in the office of State Supt. Blair. H. H. Vasconcellos of this city was one of those in attendance. The purpose of the conference was for discussion of the high school tuition law situation. A supreme court decision some time since declared the high school tuition law was invalid and the legislature which has just adjourned passed another law, which went into effect June 14. Now this law has been declared invalid by Judge Norman Jones. Naturally various complications with reference to tuition and other matters have arisen and the conference yesterday was in the effort to straighten out some of these matters.

BAND WILL PLAY AT NICHOLS PARK

A city band led by Fred Goodrick will play afternoon and evening at Nichols park Fourth of July. The driving club has procured another band to play at the racing matinee that afternoon. In preparation for Fourth of July and subsequent days the park board today will begin the erection of dressing booths for bathers. They will be conveniently located at the lake and properly equipped. All bathers must provide their own suits and towels as such supplies cannot be secured at the park. For Fourth of July arrangements have been made for free checking of all baskets and other articles visitors to the park may wish to leave in care of the custodian.

Busters, Roman candles, sky rockets, cap pistols, balloons—everything for the 4th of July. OBERMEYER & SON.

BAKERS TO HOLD CONFERENCE.

A state bakers' conference will be held in Springfield the coming week in accordance with the request of the state council of defense. The meeting will seek to bring about certain economies which will result in the saving of wheat. A committee was appointed to notify bakers in eleven counties in central Illinois and to apprise them of the work in project Homer C. Haxby of this city is a member of this committee.

NEW FARMERS' INSTITUTE SECRETARY.

H. E. Young of Washington, D. C., formerly a resident of Chicago, has been elected secretary of the Illinois Farmers' Institute. He will enter upon his duties July 1 or soon thereafter. For a number of years Mr. Young was editor of the Farmers' Review and for the past year has been assistant chief clerk in the dairy division of the U. S. department of agriculture. Since the death of H. A. McKean some months since the duties of secretary have been filled by Mrs. McKean, who will continue with the institute as secretary of the department of household science.

BASE BALL CLUB GAVE DANCE

Members of the Alexander baseball club gave a platform dance and ice cream supper last night. In addition to the townspeople there were many from other localities and the event was one of very great pleasure. The club has a splendid record thus far this season, having won each of the five games played. Last Sunday they defeated the Springfield Merchants with a score of 7 to 5, and next Sunday they will battle with the Springfield Bunnies.

CLASS ENTERTAINED

Class No. 4, of Alexander M. E. church Sunday school, enjoyed a pleasant social evening Friday at the home of Mrs. G. W. Black. The class is taught by Mrs. Anna Beerup.

R. Edgar DeFrates spent Friday in the city visiting his parents, Mr. and Mrs. A. F. DeFrates of Doolin avenue. Mr. DeFrates is on his way to Buffalo, N. Y., where he will be city sales manager for the Gerlach-Barklow Advertising company of Joliet.

HAS TEACHING POSITION IN MEXICAN SCHOOL

Miss Dale Wyatt of Mt. Sterling Appointed to Principalship of Missionary College at Pachuca, Mex.

Friends of Miss Dale Wyatt will be gratified to learn of her oppointment to the principalship of the school for women and girls at Pachuca, in Mexico, one of the best institutions of higher learning in that country and the largest school of its kind under the direction of the Woman's Foreign Missionary Society of the Methodist church. Miss Wyat is well known to Jacksonville people, having been graduated from Illinois Woman's College with the class of 1914. She has been a resident of Mt. Sterling and for the past three years has been engaged in teaching. Her last term was spent at Sullivan, Ill., where she recently completed a successful year in the Sullivan high school.

The missionary school at Pachuch has an enrollment of from 600 to 700 girls. Since the recent months of internal trouble in the southern republic, attention has been called more and more to the successful continuance of educational activity and Miss Wyatt will have a large share in that branch of work.

MORTUARY

Leslie

Mrs. Lizzie Leslie died at 10:50 p. m. Friday at the Old People's Home in Grove street. She was born Nov. 28, 1832 in St. Clair county, Illinois. Mrs. Leslie entered the home here Feb. 6th, 1915, coming from Oskaloosa, Iowa. Mrs. Leslie was preceded in death by her husband and five children and is survived by a daughter-in-law and two grand children living in Oskaloosa, Iowa.

The funeral will be held from the Old People's Home Saturday afternoon at 2:30 and burial will be in the Diamond Grove cemetery.

Conover.

After an illness of eight weeks Mrs. C. W. Conover died at the home in Ashland Friday morning at 8:45 o'clock. The deceased who was sixty three years of age was born in Indiana and while still a child came with her parents to Literberry. It was there as a young woman she was married to C. W. Conover, and about twelve years ago the family moved to Ashland, which has since been their home. The deceased is survived by her husband and five children, Mrs. Nellie Virgin, Little Indian; Mrs. Daisy Buller, Ashland; Roy Conover of Little Indian, and Fred and Lena Conover residing at home.

For a number of years Mrs. Conover had been a member of the Baptist church at Ashland and lived a good and useful life. By her death one of the best known residents of Ashland is removed, and a large number of friends will join in extending sympathy to the family.

The funeral will be held at the home in Ashland at 2:30 o'clock Sunday afternoon, in charge of the pastor of the Baptist church. The remains will be taken to Virginia for interment.

C. & A. CHANGES RUMORED

The new Chicago & Alton card will go into effect Sunday, July 8. There are various rumors as to changes which will be made. Local Agent D. C. Diltz has not yet been officialy notified of any of the changes. It is very certain that a number of trains will be taken off in order to meet the wishes of the council of defense and thus release locomotives for other service.

Changes in contemplation, it is said, will reduct train mileage in Illinois about 800 miles. It is probable that the only train to be taken off this division will be No. 32 which leaves St. Louis about 8 o'clock in the morning and reaches here at 11:25. To furnish the service which this train gives between Roodhouse and Bloomington, Train No. 46, which now runs from Roodhouse to Bloomington via Springfield, may be routed thru this city.

TODAY IS THE DAY
To see Mrs. Vernon Castle, the best known and best dressed woman in the world, in "Patria" at Scott's Theatre.

D. A. R. ATTENTION

MRS. SARAH MORRISON DIES IN 97TH YEAR

Well Known Concord Woman, Who Passed Away Friday Afternoon, Came Near to Reaching Century Mark—Funeral Sunday Afternoon

Mrs. Sarah C. Morrison, widow of John Morrison, passed away Friday afternoon at her home in Concord, bringing to a peaceful close a life which was known alike for its length and usefulness.

Sarah Coultas was born March 1st, 1821, in England, and hence was beginning her 97th year when death came. She was the daughter of Richard and Sarah Coultas, the latter dying when her daughter was in infancy. At the age of nine years she came to this country, her father and the other children making the voyage from Liverpool in a sailing vessel, taking three months to make the crossing. The family came from Quebec to Scott county, making their home near Riggston and it was here that Miss Coultas was married to Mr. Morrison, Dec. 1st, 1840. The husband preceded Mrs. Morrison in death by a number of years.

To Mr. and Mrs. Morrison were born nine children, of whom five survive: T. L. Morrison, Mrs. Ida Smith and Louisa Morrison, of Concord; C. R. Morrison, Tacoma, Wash.; and Mrs. W. H. Craig of Cass county, Mo. The deceased children were John and Robert C. Morrison, Mrs James Rexroat and Mrs. William Burrus.

Mrs. Morrison was a member of the M. E. church of Concord, and at the time of her death was the oldest resident of Concord precinct. "Grandma" Morrison had been a woman of remarkable strength and vigor for one of her age until the last year. It was the hope of many that she would round out the century, but she has crossed over to the other side after a long life of usefulness. Naturally she had many warm friends who will miss her, and who extend their sincere sympathy to the surviving children and grandchildren and other relatives.

The funeral will be held Sunday afternoon at 2:30 o'clock at the M. E. church in Concord and burial will be in the Concord cemetery.

Social Events

Sinclair Country Club Picnic.

Members of the Sinclair Country club and friends enjoyed the annual club picnic recently at the home of Mr. and Mrs. Newton Wilson. Several hours of the afternoon were spent with games and various amusements and later an excellent supper was served. The manu included ham, chicken and peanut butter sandwiches, potato and salmon salad, salad eggs, pickles, fig and brown cake, ice cream and iced tea, and it goes without saying that all the company did full justice to these good things. The domestic committee included Miss Elizabeth Mahon, Mrs. Harry Martin, Miss Anna Mae Wilson, Mrs. Amos Swain and Mrs. Addie Fox. Members of the entertainment committee were Miss Rowena Sinclair, Miss Ida Belle Swain, Mrs. Newton Wilson, Miss Maude Robinson and Miss Irma Fox.

Entertained for Directing Nurse.

Nurses at Passavant hospital entertained Friday night at the nurses' home in honor of Miss Sophia Scherpeltz, director of nurses. Several hours were spent socially and arrangements for the pleasant occasion included excellent refreshments. The nurses presented the director with a coffe percolator as a token of their esteem and good wishes.

Hard Time Social.

The R. M. C. class of Union Baptist church had a "hard time" social Thursday evening at the home of Mr. and Mrs. Otto Wood. About 45 were present, all dressed in old fashioned and worn out costumes. A dress parade was one of the features and afforded much merriment to those present. A prize given to the most "hard time" looking person was awarded to Richard Bell.

A floral wedding was one of the contests and the prizes were given to Miss Lucile Curry and Harley Mose.

Various games and contests furnished amusement for the evening. Miss Bernice Wood favored the crowd with several readings which were enjoyed by all. The entertainment was in charge of the social committee, viz: Bernice Wood, Esther Sample and Mollye Harris.

The hostess served delicious refreshments and all departed having had a jolly good time.

SCHEDULE ANNOUNCED FOR PARK MEETINGS

Sunday will mark the first of a series of union services in Central park, to be held each Sunday evening at 6:30 o'clock. The ministers in charge will be as follows:

July 1.—The Rev. E. L. Pletcher.
July 8.—The Rev. R. B. Wilson.
July 15.—The Rev. F. B. Madden.
July 22.—Rev. Mr. Wilson.
July 29.—Rev. Mr. Pletcher.

During August there will be two sermons by the Rev. W. E. Spoonts, tho no evening service will be held during the chautauqua season. The series will be notable this year by the participation of five churches, Centenary and Grace Methodist, State Street and Northminster Presbyterian. There will be special music at the services, arranged by T. H. Rapp, A. C. Metcalf and C. S. Smith, as a committee.

Rev. and Mrs. Geo. E. Haas, Mrs. John Ritter of Naples, Mrs. Francis Sears of Peoria, Miss Belle McKamney of Exeter, were given delightful entertainment Wednesday by John and Miss Lottie Finney at their home "Ridge Grove," southeast of Naples. A sumptuous dinner was served. This is a comfortable home and its original erection dates back before the war. It has a beautiful location, commanding splendid view out from all sides. It is on the line of the old stage road between Naples and Springfield. Mr. Finney, who is now 88 years of age, relates many interesting reminiscences of the numerous big schooner wagons drawn by four and six horse teams past his home. His father and mother kept hotel, or "Inn" as it was called in those days, and had a sign up out in front, their guests numbering from six to fifteen each night. The teams would pull up about noon from Springfield and after dinner come on over here unload and after dinner drive back to Finney's for the night. During the war times from the many guests he heard many opinions pro and con on the public affairs.

Miss Louise Moore is up from the country visiting her uncle, Harvey Green and family.

Mrs. Sherman Myers received a telegram Wednesday afternoon calling her to Grayville on account of the serious illness of her daughter living there. She left on the 8:30 p. m. passenger.

While Glenna aged seven and Earl aged five, children of Harvey Green, were looking at the river from the stairway leaing to the water on the north side of the steamboat station, Master Earl took a tumble into the water but was caught up by the little sister and prevented from drowning. They came away unscared as tho it was just a usual event.

Mrs. George Wolfe and son Harold of Omaha, Neb., were visiting Mrs. Wolfe's brother and family in Lincoln. Leaving her son there to visit with his cousin Duane, Mrs. Wolfe came on this week to see her aunt, Miss Lottie Finney southeast of town. She had just arrived when a telegram came calling her back to Lincoln because of an accident to her son. Duane and Harold were out auto riding following another car which stoped suddenly without warning, trying to pass they shot into a ditch and turned over three times. The car was pretty badly broken and the Woulfe's boy leg was broken above the knee as was also the kneecap. Duane receiving minor scratches.

Harvey Green and Mr. Simpson, our grain dealers, attended a grain dealers convention held in the Newcome hotel Quincy, this week. There were one hundred present.

Cooking is a hot job in summer. It should be made as easy as possible. The best way to relieve your wife of the burden is to buy a Quick Meal oil stove and oven at Brady Bros.

MR. AUTO OWNER!

Why throw your old auto tires away when they are good for 2500 to 6500 more miles.

My method of taking two old tires and making one good one is saving thousands of auto owners from 50 to 75 per cent on their bills.

Send me two old tires and I will make one good tire that you can get from 2500 to 6500 more miles out of. In sending me tires be sure one has a good rim no matter how bad the tread is worn. For the other one that has a good tread no matter what condition rim is in.

If You Haven't a Tire with a Good Tread I Can Furnish You One

PRICES FOR DOUBLE TREADING

M. W. A. CREATE NEW PATRIOTISM FUND

Great Fraternal Organization Takes Steps To Care for Soldier Members.

The Modern Woodmen magazine has the following:

The new by-laws, which create a patriotic fund for the payment of death claims of members of the society who enlist in the army or navy of the United States during the war with Germany, by levying a special assessment of ten cents per $500 of insurance, per member per month, was adopted and is now a law of the society, so long as the necessity for the fund shall exist.

The delegates adopted the new by-laws without a dissenting voice in the head camp session and then staged another patriotic demonstration.

The delegates stood and sang the national anthem and cheered the action of the head camp. It was demonstration almost as great as the first outburst of the delegates when they adopted the committee report to pay death claims of members who enlisted, and when the flag waving demonstration was made.

This by-law puts the Modern Woodmen of America on record as a most patriotic organization. It means that more than one million members in the United States and Canada are willing to pay a special assessment each month, which in many instances is nearly fifty per cent of their regular assessment and for the entire membership is nearly twenty-five per cent of the assessment that the members who go to the front to fight may have the protection of their policy, and this in spite of the fact that on the face of their policy their insurance is invalidated when they enlist in the army or navy.

By-law Goes Further

The by-law goes further than this and is constructed to mean that new members who come into the society now and who are drafted into the service of the country will be accorded the same protection that old members are given under this law, and while it may not mean the payment of the face value of the policy, it means a protection that is made possible only by the patriotism of the membership, as exemplified in the adoption of this by-law.

It also provides that any member of the society enlisted in the army or navy from Canada, whether Canadian or not, is entitled to this protection and this will apply to some who have enlisted under the Canadian colors and are now at the front.

Demonstration Fitting One.

It is fitting that the delegates should stage a demonstration when this by-law was adopted, for it is doubtful if any other fraternal insurance company in the country has such a record to look to and whose membership would in a convention of delegates approve such a heavy war assessment.

HOT WEATHER---
BUT IT'S TIME TO TALK ABOUT
COAL
For Winter

Hard coal is the only fuel on which the price is normal. It is selling at $9.25 per ton for furnace size, just the same as last year and the year before.

The price of coke is double that of last year. Soft coal is selling at figure nearly double the usual price.

WHY NOT BURN HARD COAL AND WHY NOT BUY IT BEFORE AN INCREASE IN FREIGHT COMPELS AN INCREASE IN PRICE?

CONSOLIDATION BILL IN EFFECT SUNDAY

Reform Measure Initiated by the Governor Will Consolidate State Government.

Springfield, Ill., June 29.—Radical changes in the methods of administering the various departments of the state government in Illinois are to follow the coming into operation, day after tomorrow, of the so-called consolidation law which was enacted by the recent session of the general assembly and signed by Governor Lowden.

The new law, perhaps the first of its kind to be enacted in the United States, abolishes a large number of boards and commissions and places the affairs of the state government under the control of nine separate departments, each in personal charge of one director, who shall be assisted by a sufficient number of aids to bring the required results.

The finance department will consist of a director and four assistants, whose duty it shall be to draft the budget each year, and have personal charge of the finances of the state. The salary of the head of this department is fixed at $7,000 a year.

The department of agriculture will have personal charge of all boards which in former years had to do with stock raising and similar works and studies. In addition one director will be in charge of the Illinois State Fair, and the State Board of Agriculture, which consisted of 25 members, passes out of existence.

Other departments created by the new law are:

Department of labor, director's salary, $5,000; department of mines and minerals, director's salary, $5,000; department of public works, director's salary, $7,000; department of public welfare, director's salary, $7,000; department of public health, director's salary, $6,000; department of trade and commerce, director's salary, $7,000; department of registration and education, director's salary, $5,000.

ALLUVIAL LAND CONFERENCE.

Memphis, Tenn., June 29.—Rapid settlement and greater agricultural and industrial development of large areas in Mississippi, Louisiana, Arkansas, Tennessee and neighboring states are expected to result from the discussion of experts at the semi-annual conference of the Southern Alluvial Land association here tomorrow. Hundreds of thousands of acres of cutover and cleared lands will be represented at the conference by lumberman, planters, farmers, merchants and bankers. The list of speakers will be headed by Governor Brough of Arkansas. Others who have a prominent part in the proceedings will include representatives of the agricultural colleges and agricultural experiment stations in a number of the southern states.

A FINE LAWN.

A good many compliments are being passed on the lawn of the west part of the grounds at the State School for the Blind. The slope of the surface, the beautiful sward variegated with flowers and shrubbery all make a pleasing picture not soon to be forgotten by those who see it.

When the Skin Seems Ablaze With Itching and Burning

There's just one thing to do.

If your skin seems ablaze with the fiery burning and itching of Eczema, real and lasting relief can only come from treatment that goes below the surface—that reaches down to the very source of the trouble. So-called skin-diseases come from a disordered condition of the blood, and the proper treatment is through the blood.

Search far and near, and you cannot find a blood remedy that approaches S. S. S. for real efficiency. It has been on the market for fifty years, during which time it has been giving uniform satisfaction for all manner of blood disorders. If you want prompt and lasting relief, you can rely upon S. S. S. For expert advice as to the treatment of your own individual case, write to-day to Chief Medical Adviser, Swift Specific Co., Dept. C, Atlanta, Ga.

CONGREGATIONAL CHURCH SUNDAY SCHOOL PICNIC

The annual Sunday school picnic of the Congregational church was held yesterday afternoon at Nichols park ... a grand good time was enjoyed by a large number of persons both old and young as all ages had been invited. The affair was pronounced the best success yet and some pretty good times have been enjoyed on these occasions.

At 2:30 p. m. promptly all repaired to the church with well filled baskets and started for the grounds so beautiful and attractive. The hours were spent in all sorts of pleasant ways and as the sun declined toward the west tables were spread in the south side pavilion and amply provided with all that the most exacting epicure could ask.

A pleasing number on the program at the tables was the presentation of a pin to Mrs. Post and an umbrella to Dr. Post. The umbrella was suitably engraved with the recipient's name and the date. Both were accepted with gratitude and soon after the cars were started for home.

Those supplying automobiles were Ebenezer Spink, Judge Brockhouse, Dr. Grace Dewey, Dr. W. B. Young, A. D. Fairbank, Dr. C. E. Black and Earl Spink.

WARNING

All persons are warned against the premature celebration of the Fourth of July by discharging firearms, fireworks or fire crackers of any description in the city before the fourth day of July. Violators of the ordinance will be arrested and prosecuted.

A LONG TIME CUSTOMER

Lyman F. Joy of Joy Prairie was able to visit the city and was warmly greeted by a great many Jacksonville friends. Making a purchase at the hat store of Frank Byrns he remarked that he had been trading at that place since 1838. At first the firm was Goltra & Stryker, John Goltra and the father of Henry Stryker being the firm. Mr. Stryker went out and the place was managed for many years by John Goltra who sold out to his son Judson and J. V. Read. Mr. Read sold out his interest to J. A. Goltra, came back and bought the store and managed it for a time and then sold to Frank Byrns and Walter Goltra, son of J. A. Goltra, and later Mr. Byrns bought Mr. Goltra's interest and has since managed the store for himself. The place has had a long and honorable career.

WANTS MILITARY PROBE OF STRIKE

PHOENIX, ARIZ., June 29—Activities of agitators among copper miners in this district which Governor Thomas Campbell designated as having a "sinister German character" caused the governor to appeal to the war department tonight for a military investigation of the situation.

Governor Campbell also requested the United States department of labor to appoint a consul to secure an agreement between the mine owners and the striking miners at Bisbee. The sheriff made a detailed report of strike conditions to the governor today.

The governor said:

"Reports have been made to me that activties of sinister German character have been discovered at work in the district."

The text of the despatches from the sheriff and the mine owners has not been made public but it is said that the sheriff feared bloodshed.

The governor stated that late advices from the district indicated that forty three per cent of the men are at work in the larger mines.

NEW DIRECTING ENGINEER FOR LIGHT COMPANY.

An important change in the working force of the Jacksonville Railway & Light company has been announced by Supt. E. H. Gray. Charles Buys, who has held the position of chief engineer at the company plant, has resigned his place to go to similar lines of work in St. Louis.

Mr. Buys is an engineer of long experience, having held positions in St. Louis with the LaClede Gas Co., the United Railways and the Mound City Ice & Storage Co. As an engineer his work is of high order and Mr. Gray in speaking of his departure was positive in his expression of regret.

L. O. Williams of Peoria has been appointed to the vacancy caused by the resignation of Mr. Buys. Mr. Williams has for a number of years been with the Illinois Traction system in the Peoria plant. He has held responsible positions as directing engineer and comes to Jacksonville with excellent recommendations.

WAR NEWS SUMMARIZED

The French and Germans are engaged in intensive fighting in the region of Cerny and Corbeny in the Soissons-Rheims sector, and around Hill 304 and in Avocourt wood near Verdun, while the British are continuing their operations having the envelopment of Lens as their objective.

The battle around Cerny has been sanguinary, positions several times changing hands, but at last reports remaining in the hands of the Germans, who, after several unsuccessful attempts won them from the French, but at the cost of heavy casualties.

Southeast of Corbeny the Germans along the Laons-Rheims road also endeavored to force the French line but here they were repulsed losing heavily among their men who were lead by picked battalions of storming troops.

According to the Berlin war office the Germans have captured French positions along the Malanicourt-Esnes road in the Verdun sector 2,000 meters in length to a depth of 500 meters and repulsed French attacks delivered in an endeavor to regain the lost ground. The claim is also made that in the Avacourt wood the Germans stormed a French position over a front of 300 meters.

Field Marshal Haig's forces in an offensive in the region of Orpy have taken German positions on a front of two thousand yards and have forced their way into the town of Avion, two miles south of Lens. In addition successful trench raiding operations were carried out north of Cherisy and southeast of Loos.

Minor operations continue on the Russian, Austro-Italian and Macedonian fronts. Along the Persian-Mesopotamian frontier there has been considerable activity.

Greece has severed diplomatic relations with Germany and her allies and apparently soon will take the field against them on the side of the entente allies. The new premier, Eliptherious Venizelos, in taking the oath of office announced that Greece's place was beside democracy,

PERSHING RECEIVES ALSACE-LORRAINE MEN

PARIS, June 29.—Major-General Pershing yesterday received a delegation from the Alsace-Lorraine Republican committee. Referring to the American commander, Alsatian ancestry, the vice president, M. Staehling told the general how proud they were that a descendent of their little country had come to fight for the triumph of their inalienable rights and the restoration to France of the lost provinces.

General Pershing was visibly moved. He said he was most happy to greet representatives of the valiant people who had suffered so deeply because of fidelity to their country and that he had a warm place in his heart for Alsace, the land of his fathers.

VERMILLION FUNERAL AT WHITE HALL SUNDAY

Long Time Resident Answered Final Summons After Protracted Illness—Anniversary of Masonry Observed—Condition of Harry Fry Shows Improvement — Other Greene County Notes

White Hall, June 29—Funeral services over the remains of Mrs. William Vermillion will be held at 2:30 p. m. Sunday in the Christian church, the discourse being delivered by Elder Francis Fowler, and the interment will be in the White Hall cemetery. Mrs. Vermillion died at 5:05 a. m. Wednesday. For several years she had been in very poor health, and still her death came unexpectedly, as it was only a few hours before the end came that her critical condition was realized. Her maiden name was Cora Van Dyke, and she and William Vermillion were married thirty years ago. The husband and six children survive, one daughter being dead. The surviving children are Lynn V. Vermillion of Baker, Oregon; Paul and Byron, White Hall; Troy, Jacksonville; Mary and Margaret, at home. Her age was about fifty years. She was a native of Indiana, her parents coming to White Hall when she was quite young. She was an active member of the Christian church. The surviving sisters are Mrs. A. L. Vermillion, Mrs. Don V. Winters, and Mrs. John Beaty, the latter of Holbrook, Neb. The mother, Mrs. Isabelle Ballow, survives at the age of 80 years and resides with Mrs. Winters in White Hall. L. B. Ballow, of White Hall, is a half brother of the deceased.

Oscar Hatfield started on his return to Shawnee, Okla., Wednesday morning. Mrs. Hatfield and daughter, Miss Isabelle, will remain for the present.

Mrs. Laura P. Pritchett and son Edmund returned from St. Louis Sunday, after a month's visit with the former's sister, Mrs. A. E. Meisenbach, and family.

The 200th anniversary of Masonry in America was observed in the Masonic hall in this city on Wednesday. The ladies of the Eastern Star chapter were invited to be present. A splendid banquet was prepared and served at 6 o'clock. A program followed, but a threatened thunder shower caused a sudden cessation of festivities. Those who took part were Mrs. Emma Chapman, violin, accompanied by Miss Natalie Chapman, piano; Mrs. F. N McLaren, reading; Mrs. Cunningham, reading. Miss Natalie Chapman, daughter of Mrs. Emma Chapman, is home for her summer vacation. Miss Chapman is teaching in Chicago.

Mr. and Mrs. Frank I. Carr of Eldon, Mo., Mr. and Mrs. F. H. Cox, of Farmer City, and Mr. and Mrs. J. H. Cox of LaSalle, started on their return home Tuesday morning. They accompanied the remains of their mother, Mrs. T. O. Carr, from LaSalle to White Hall Sunday, funeral services being held in this city Monday afternoon.

The condition of Harry Fry has improved. He met with an accident at the city pumping station last Tuesday that was attended with peculiar circumstances. He is employed as pumper, and shortly before quitting time in the evening the breaking of a belt resulted in the accident, he being struck by it and rendered unconscious. It is evident that he lay a short time, and then phoned for help and was moved to the office of Dr. H. C. Campbell. Here he rallied, and was asked if he remembered anything about the accident, and as to this or his phoning for help he has no recollection whatever.

George Carson Piper and Miss Iona Ruth Higgins were married in St. Louis Wednesday. The groom is from Greenfield, the son of Carson Piper, and recently graduated in music at Boston. The bride is the daughter of Mr. and Mrs. J. K. Higgins of Jacksonville, and the Higgins family resided in White Hall for some time, moving to Jacksonville last fall. They are well and favorable known over this section, and great interest is taken in the event. They are spending a week at Piasa Chautauqua before returning to Jacksonville to remain for the present.

Indiana Lady Describes Condition, Which She Says Was Due To Constipation and Tells of Relief Obtained From Black-Draught.

Scottsburg, Ind.—Mrs. Annie Johnson, of this place, writes: "I well remember I suffered for a long time with constipation, which would get me down. I took doctors' medicines and any number of purgatives. They would leave me in a worse condition than I was before taking, and my stomach so upset . . . I know once I suffered . . . from constipation, I was so ill we had to have the doctor, just so nervous and feverish. The doctor said I would have to quit medicines, my stomach was so bad . . .

My husband was reading and found something about Thedford's Black-Draught and brought me a package to try. I used it regularly at first until I began to feel better, then I used just a dose occasionally. I was cured of this constipation and am sure the Black-Draught did it."

If your stomach is out of order, you will suffer from such disagreeable symptoms as headache, biliousness, indigestion, etc., and unless something is done, serious trouble may result.

Thedford's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, helping to regulate the liver and to cleanse the bowels of impurities.

Boston, 2; New York, 1.

Boston, June 29.—Boston defeated New York 2 to 1 in ten innings today. Both of the local's runs were the result of errors, the winning tally developing from a double by Agnew, a sacrifice hit and Walter's muff of a throw to the plate by Peckinpaugh on Hooper's bounder. New York scored in the second on a base on balls and three hits, altho sharper fielding by Boston could have prevented the run.

WILL PLAY FOR RED CROSS.

Washington, June 29.—The baseball game here tomorrow for the benefit of the Red Cross between two teams of members of the house will be opened by Presiednt Wilson. He will toss out the first ball.

SOLONS TO PLAY BASEBALL.

Washington, D. C., June 29.—Bingles and circuit-drives are going to occupy the minds of the national lawmakers, to the exclusion of food control bills, war tax bills, and all other legislative measures now pending in the house. For tomorrow is the day fixed for the annual baseball game between the Democratic and Republican members of the lower branch of congress. The members at both ends of the capitol are preparing to make a holiday of the occasion. While the players on the opposing teams will be composed wholly of representatives, it is expected that the entire body of "elder statesmen," or senators, will be on hand to root for their respective party teams. The proceeds of the game will be turned over to the Red Cross.

Boston 1-13; New York 2-0

New York, June 29—New York and Boston broke even in a double header here today. The first game was closely contested and was won by the Giants 2 to 1, while the second was a farce which Boston won 13 to 0.

After Boston tied the score in the eighth inning of the first game, the Giants scored their winning run, on Gibson's double, Lobert's sacrifice and Burns' sacrifice fly.

In the second game Boston pounded three Giant pitchers for seventeen hits, Maranville leading with a home run, a triple and three singles. Magee was put off the field in the first inning of the second game for protesting a called strike.

OBITUARY.

Sarah Francis Verry, widow of Henry W. Verry, and oldest daughter of H. H. Massey, Sr., died Tuesday, June 26th at 6 a. m. at her home in Waverly, Ill., aged 81 years, 4 months and 14 days.

Her husband H. W. Verry died June 9th, 1888. To this union six children were born, one daughter died in 1872, a son died in 1879. She is survived by the following children, Mrs. Laura Park of Springfield, Ill.; Hart H., Mrs. Clara Sales and Francis L., all of Waverly. Three stepdaughters, Mrs. Lila Cooper of Forest City; Mrs. Lou Park of Decatur, and Mrs. Bird Reed of Miami, Texas, seven grandchildren, one sister, Mrs. Laura L. Breen of Paola, Kansas, and one brother, H. H. Massey, near Jacksonville. By her death there are only two left of the large family of 11 children of H. H. Massey, Sr., Mrs. Laura L. (Massey) Breen of Paola, Kans,. who is 79 years and H. H. Massey, Jr., the youngest of the family who is nearly 68 years.

Mrs. Verry had lived long in the community where she died and her character and spirit were such that she was held in high regard. The deceased had ever exerted an influence for good and her death has brought sadness to many.

Funeral services were held at the Congregational church in Waverly, of which she was a member, at 2 p. m., June 28th, Rev. S. C. Schaeffer in charge. The bearers were all nephews of the deceased: Ernest and Fred Sibert, Horace, Al, Enos, and Chas. Massey. The beautiful flowers were cared for by Addie Epling, Mildred Rhoer, Ethel Allen and Mary Hall.

THE FIFTH OF ILLINOIS.

(Marching Song.)

(Sent to Journal by a member of Co B.)

(Tune, Battle Hymn of the Republic)
We're going to fight with Pershing,
We're going to fight in France,
We're oing to fight for Uncle Sam
And make the Germans dance.
We'll be there with the bullets
And fighting all the time,
The Fifth of Illinois.

Chorus.
Fighting, fighting, with Jack Pershing,
Fighting, fighting, with Jack Pershing,
Fighting, fighting, with Jack Pershing,
The Fifth of Illinois.

We'll soon be digging trenches
On the firing line in France
We'll show the English Tommies
How the Yankees can advance
We'll drive the Germans backward,
'Till they fall into the Rhine.
The Fifth of Illinois.

In Illinois we're learning
How they fight across the sea
The cavalry, artillery, and
Marching infantry.
We'll help them with our rifles
And our charging bayonets.
The Fifth of Illinois.

WHEAT PRICES KEEP WITHIN NARROW LIMITS

Both Sellers and Buyers Hold off Pending Congressional Action on Food Bill

Chicago, June 29.—Both sellers and buyers held off in wheat pit today pending congressional action on the food bill. Prices kept within narrow limits, and closed at exactly the same as yesterday's finish, $2.01 July and $1.81½ September. The outcome in corn ranged from 2c decline to ¼c advance and oats lost a shade to ⅜@½c. Provisions suffered losses of 17c to 25c net.

At first wheat showed a leaning to the bear side of the market influenced more or less by word that plans were being formulated to ensure joint action of the United States and Canada in regulating exports and milling operations as well as general marketing requirements. Export activity put strength into the July delivery of corn, but distant options were heavy owing to optimistic crop repores.

Oats were easy in consequence of the favorable crop outlook. On the other hand a good sized reduction of the visible supply total Monday was looked for. Provisions lacked and aggressive suppert.

BUSINESS AND FINANCE REST ON SOLID BASIS

NEW YORK, June 29.—Dun's review tomorrow will say:

"The half year ends with various uncertainties in evidence, and with many economic problems still to be met and further changes effected. Yet the absence of conspicuous unsettlement during the present period of readjustment with failures relatively moderate, has demonstrated that business and finance rest on a solid basis, and confidence remains the predominating sentiment.

"Not a few important commodities have maintained an extraordinary position and where supplies are needed with especial urgency, exceptional offers are made for rush shipments. Such deliveries, however, are not often possible with the handicaps of shortage of raw materials and labor and of transportation delays continuing and in all cases the requirements of private interests are subordinate to those of the government which increase and become more diversified.

"Weekly bank clearings $4,801,189,022."

STOCKS MAKE SHARP RALLIES BEFORE CLOSE

Motor Shares, Utilities and Many Minor Specialties Represent the Chief Elements of Weakness.

New York, June 29.—Further unsettlemene in speculative conditions characterized the first half of today's dull and professional trading, with sharp and very substantion rallies before the close. Motor shares, utilities and many minor specialties represented the chief elements of weakness and rails also gave way modrately in the absence of developments regarding the freight rate situation. Unieed Staees Seeel made an extreme advance of 2½ points from its minimum of 128 and closed virtually at the top with a net gain of a point.

Independent steels and related shares rebounded from their early reversals of 2 to 3 points, with pronounced strength in Crucible and Lackawanna, Baldwin Locomotive and Republic Iron.

Industrial Alcohol maintained its reputation for irregularity, at one period showing a loss of more than three points which was reversed to an actual gain of 5½ points.

Losses in rails ranged from 2¼ points in Delaware and Hudson to a point or more in Union Pacific, Southern Pacific, Northern Pacific, Baltimore and Ohio, New Yor Central and Southern railway preferred. Recoveries in this group were nominal. Total sales amounted to 670,000 shares.

A new low price of 22½ for rubles reflected the mixed news regarding Russian affairs. Francs shaded a trifle, but other European remittances were unaltered.

Bonds were irregular, with a sale of liberty 3½s at the new premium of 100 6-50.

Total sales of bonds (par value) were $2,635,000.

United States Bonds were unchanged on call.

WILL CAREER IN HIGH FINANCE RECALLED

W. F. Miller Who Guaranteed Depositors 10 Per Cent Weekly on Deposits Acquired Fortune in Short Time—Then Came the Collapse

New York, June 29—Revelations that have followed the arrest of Mrs. Ray Hyman, the 50 "per cent. a month banker," who is charged with appropriating more than half a million dollars intrusted to her for investment and speculation without security, recalls the wonderful exploits of W. F. Miller, of Brooklyn, later of Sing Sing, now of Nowhere.

William F. Miller, better known as "520 per cent" Miller, was an ordinary Brooklyn boy, who was neither prepossessing in face or manner, nor of especially robust physique.

Yet, by exerting his natural shrewdness, and by taking advantage of the credulity of the poor and ignorant, he succeeded in piling up, in the short space of a year, over $1,100,000 in cash, which was divided among the members of his promotion "The Franklin Syndicate" when that house of cards was sent

Escaped to Canada

tumbling to the ground.

On the eve of the collapse Miller escaped to Canada, practically penniless, only to return to New York and a few months later receive a ten year prison term. After serving less than four years, he was pardoned by Governor Higgins as the reward for his testimony in the trial of Col. "Bob" Ammon, his counsel, and a member of the syndicate.

Ammon was found guilty and was sent to prison. Edward Schlessinger and Louis Powers, the other members in the Franklin syndicate, fled the city also. Powers disappeared completely. Schlessinger was heard of in several European resorts, and finally died, in 1903, at Ostend, Belgium.

Miller was born and brought up in the Williamsburgh section of Brooklyn, where the main office of the Franklin syndicate was located, and many of the 15,000 men and women who were his dupes were his friends and neighbors.

When a mere youth he secured employment in a broker's office in Wall stret. Here he met Schlessinger and Powers, both of whom were spectulating wildly at that time. Miller joined in with them, and the three met with great success. Not having enough of their own money with which to play the market, the trio decided to secure other people's funds. The Franklin Syndicate was formed for this purpose.

Miller was the ostensible head of the syndicate. He hired an office in an old building not far from his home, and let it be known that he would pay 10 per cent a week, 520 per cent a year, on deposits. Money poured in on the youthful financier, at first from his friends and neighbors, finally from all parts of the country.

Fifty Clerks Employed

Schleissinger supplied advertising matter, and the thing spread like wildfire. The interest on the capital deposited was paid out of new deposits, which came pouring in in ever-increasing volume. Within a month Miller had fifty clerks working at top speed all day long, taking in, sorting, and checking the money. It is estimated that when the syndicate was at the height of its success, it took in money at the rate of $100,000 a day. Miller soon announced that no deposit under $100 would be taken, but business went on increasing by leaps and bounds.

A branch office was opened in Boston, which led to the crash. One of the Boston newspapers denounced the syndicate as a gigantic fraud. The New York papers investigated and came to the same conclusions. The troubles of the promoters thickened. The banks turned on them and deposits began to dwindle. Then came the final blow. The grand jury indicted Miller, and officers were sent to place him under arrest. He escaped after turning over $55,000 in bonds to his father. He went first to Binghampton, then to Detroit, and finally to Montreal Schlessinger got away with most of the cash and went to Monte Carlo. Miller was practically penniless.

A few weeks later Miller, hungry, worried and homesick, came back to New York voluntarily. Col. Ammon who is alleged not only to have obtained a large part of the syndicate's profits while acting as Miller's counsel, was accused also of having decoyed his dupe back to New York and betrayed him to the police. Later Ammon was convicted, owing largely to Miller's testimony, and was given three years.

People had the utmost confidence in Miller, and proudly told of the wonderful profits he was making for them. Scoffers who said it was impossible for him to make so much money in stocks were laughted at by the easy marks who did business with him. But the "scoffers" won out.

SUNDAY SCHOOL TEAMS PLAY AT MURRAYVILLE

In a lively game of baseball which took place at Murrayville Friday afternoon, the "Red" team of the M. E. Sunday school defeated the "Blue" team by the score of 7 to 3.

A contest in membership and attendance has been in progress in the Sunday school for the past eight weeks, closing last Sunday. The winning side will be announced next Sunday and the winners will be tendered a banquet by the losers within the near future.

SALLIE RICE ARRESTED ON LIQUOR SELLING CHARGE

Information Filed By Chief of Police Davis—States Attorney Robinson Sends Offender To Jail Under Former Court Order.

Sallie Jones Rice was arrested yesterday by Patrolmen Perry, White and Jordan on the charge of selling liquor in anti-saloon territory. The information was signed by Chief of Police Davis and was filed with State's Attorney Robinson. Meanwhile the state's attorney found from the records that in October, 1915, Sallie Jones Rice was fined in the county court the sum of $100 and costs for illegal liquor selling and that a capias profine issued. This means that fine and costs amounting to $123 were not paid but were held in abeyance pending the good conduct of the defendant. As she is now charged with a similar offense and the fine has not been paid, State's Attorney Robinson had her arrested by Sheriff Graff and taken to jail. Unless she is able to produce $123 the defendant will be required to spend about 90 days in jail. This arrest was the result of the statement made by George Price, principal actor in the shooting affray Thursday night, that he had purchased whiskey from Mrs. Rice. There is said to be other testimony in abundance that whiskey and beer are easily obtainable at the Rice home on North West street.

AUNT COLUMBIA'S DINNER PARTY

A Play Well Presented by the coung Members of Aunt Priscilla R. C. Club.

Last evening the lawn of the residence of Mr. and Mrs. F. L. Hairgrove, corner of North Prairie and Jordan streets, presented a truly animated appearance. A number of patriotic little misses have organized the Aunt Priscilla Red Cross club, the members being Ruth Towle, Dorothy Hairgrove, Frances Griswold, Helen Turner, Cora Lanser, Dorothy Williamson and Helen Rogers.

With a laudable desire to do something for the Red Cross society the young misses conceived the idea of a play and the services of Miss Edith Williamson were secured for drilling the play and managing the performance. A suitable stage was prepared, the whole curtained off under the trees and all was conducted in Grand Opera House style. The performance was an entire success and gave much pleasure to all who witnessed it. The following. The following was the cast of the play, "Aunt Columbia's Dinner Party":

Aunt Columbia ..... Helen Towle
Uncle Sam ..... Dorothy Hairgrove
cankee Doodle .Dorothy Williamson
Secretary ..... Ruth Towle
Liberty ..... Mabel Rogers
States ..... Frances Griswold
Maid ..... Margaret Williamson
Fairies .....
Margaret Boland, Lucille Jenkinson, Ursula Brockhouse and Leah Kennedy.

A candy market was also conducted in connection with the evening entertainment and the stock of goods was entirely sold. The net proceeds of the entertainment were a little more than eight dollars.

HOPPER FAMILY HELD REUNION AT PARK

Hours Were Pleasantly Spent in Reviewing Years Gone By—Sumptuous Dinner Served at Noon.

In Yorkshire, England, in 1809, a son was born in the Hopper family and he was called Thomas. He grew to honorable manhood and eventually followed farming for a while but later married, settled in Scarborough and followed the trade of a butcher. In 1856 he decided to move to the new world which he did, arriving in this place with his eleven children and settling in the vicinity of what is now Sinclair. There he followed the occupation of a farmer until 1888 when he went to his reward and four years later his dutiful wife followed him.

For a long time he raised a good many sheep and after the children had left the family roof they used to return in the spring for a galaday while the sons sheared the sheep for their father and so the custom was kept up from year to year and when the rearing of sheep was abandoned they gathered any way and enjoyed the day in a social manner. For more than half a century this has been kept up with few intermission though after the sheep were killed the date of the reunion was deferred until after school closed generally the first of June. The picnic was planned for Thursday but the rain intervened and it was put off till yesterday when the merrymakers repaired to Nichols park and enjoyed the usual good time in the good, old fashioned manner. Games and various pastimes were indulged in and at the proper time the baskets were produced and the contents were eagerly sought, especially by the younger ones of the party and all proceeded to partake with zest of the excellent things provided. At a late hour in the afternoon the party dispersed well pleased with the manner in which the time had been spent.

The original Thomas Hopper was the father of eleven children. Those living are Mrs. Robert Gunter of South East street. Richard, James Charles and Phillip Hopper. Those who have passed away were Hazel and Hannah Hopper who died within a year; Mrs. George Elsome; John, a former mayor of Jacksonville who died while in office; George of this city and Thomas of Harrisonville, Mo.

There are now living 32 grandchildren, 50 great grandchildren and four great great grandchildren, making in all ninety descendents of the worthy Englishman of Scarborough. The name Thomas is much prized by the family and each generation sees to it that a boy is so named. The second Thomas died in Harrisonville, Mo., the third is Thomas V. Hopper of the shoe firm of Hopper and Son while he has a son Thomas Briggs Hopper and from present appearances it will be some time before the name becomes extinct.

The children ad their descendents are given:

three grandchildren.

Hassel Hopper, four children and

John Hopper, three children and seven grandchildren.

Ann, wife of George Elsome, two children and eight grandchildren.

Jane, wife of Robert Hunter, six children and eleven grandchildren.

Richard Hopper, three children and eight grandchildren.

Thomas Hopper, four children and three grandchildren.

George Hopper, one child and no grandchildren.

James Hopper, five children and four grandchildren.

Phillip Hopper, three children and two grandchildren.

Charles Hopper, six children and five grandchildren.

FORMER RESIDENT HAS POSITION IN INDIA

Reginald Mason, son of the late Oliver Mason of this city, has been sent to Sakachi, India, as metallurgist for the Teta Iron & Steel company. This is a very responsible position and especially for a man but 22 years old. At a silver and gold mine the laborers shovel the ore which often looks like so much road grading material. Four shovels full go to one pile and one to another and the smaller one is handled the same way till a small quantity is secured but representative of the whole. This goes to the assayers who carefully analyze it and give the metallurgist the result of their investigations regarding the component parts of the ore.

The metallurgist carefully studies the formula and then gives the smelter foreman a formula calling a certain quantity of ore, coke, lime stone, zinc and other materials. This is put into the cupola and heated to melting point and if the formula has been given correctly the gold, silver and lead flow together in a stearn from one opening in the cupola and the slag from another. Later the lead, silver and gold are separated by other processes.

Away back in the early 70's one day Miss Ann Mathers of the McKendree Chapel neighborhood near Meredosia went to an orchard on the Jeriel Wilday farm now owned by Mrs. C. E. Rice, to get an apronful of apples. She in some manner lost a ring which had been given her by Dr. McPherson of Meredosia and altho numberless trips to the apple trees were made no trace of the ring could be found. Tuesday morning of this week her brother, Newton Mathers, went to the Rice place for a wagon to use in hauling a load of corn to market, and in stooping down to raise the tongue, noticed a small object which proved to be a ring. On cleaning and polishing it, it proved to be a gold ring with the engraving. A bird on a branch of a tree, plainly discernable. He showed the rin to his sister who identified it as the one she lost nearly 50 years ago. The place where it was found has been used as a horse lot and wagon yard for the past ten years, and previously as an orchard and pasture. The ring is in good state of preservation and has not lost its color, which speaks well of the material and workmanship.

WARNING

All persons are warned against the premature celebration of the Fourth of July by discharging firearms, fireworks or fire crackers of any description in the city before the fourth day of July. Violators of the ordinance will be arrested and prosecuted.
